

14th September 2026

Dear Parent/Carer,

Following the correspondence shared last week and the assemblies we held regarding skirt expectations, I wanted to take a moment to share a positive update from this morning. It has been lovely to welcome students into school today and to see a positive shift. Many students have chosen to wear the black flared trousers and we have also seen a noticeable reduction in the number of students rolling their skirts. We would like to thank you for your support in helping students to meet our uniform expectations.

This morning, we have spoken with some students whose skirts were either too short or borderline in length. In some cases, once the skirt was unrolled, it fell within the appropriate length. However, for some students, the skirt remained shorter than expected even when worn correctly. We recognise that one of the challenges for some students, particularly those who are taller, is finding a skirt that fits comfortably around the waist while also being an appropriate length. We appreciate that sourcing a suitable skirt can be difficult and we are currently looking into how we can support families with identifying or sourcing skirts that meet both requirements.

In the short term, black flared trousers are a suitable alternative and may provide a practical solution for students who are finding it difficult to source a skirt of the appropriate length. We would encourage families to consider this option where appropriate or liaise with us so we can supply them if needed.

Our aim is to work collaboratively with students and families so that uniform expectations are clear. We are very pleased with the progress we have seen already and hope to have all skirt issues ironed out in time for Monday 28th September 2026.

Kind regards,

Rebecca Conway
Assistant Principal
