

18th September 2026

Dear Parent/Carer,

It was great to see many of you in our building last Thursday for the Year 11 Parents/Carers Information Evening. During the evening I mentioned the comprehensive extra-curricular sessions we would be offering and I am delighted to attach the current schedule.

We will be having a further assembly with all of Year 11 next Monday the 21st September to further explain the huge benefits to them of attending these sessions as they are aimed at helping them achieve the best results they can in their forthcoming examinations. The sessions will then start from Tuesday the 22nd September.

We would strongly recommend your child attends these sessions in order to have every opportunity to achieve the highest possible grades next Summer and should you have any queries about specific subjects please do contact them directly.

Thank you for your continued support.

Yours faithfully,

Mr Clark
Assistant Principal
