

17th September 2026

Dear Parent/Carer,

Year 9 NGRT Assessments

During the week beginning 28th September, Year 9 students will complete the **New Group Reading Test (NGRT)** during one of their Computer Science lessons.

NGRT assesses students' current reading ability, including areas such as sentence completion and reading comprehension. The results help us to identify students who may benefit from reading intervention, as well as those who may require further challenge.

Students do not need to revise or practise beforehand. Practice questions and instructions will be provided during the assessment. We simply ask students to approach the test positively and try their best. The NGRT is not a formal assessment and does not contribute towards any formal grades.

The assessment will take place under appropriate test conditions. If you have any questions regarding the assessment, please email datateam@passmoresacademy.com

Yours faithfully,

Natalie Christie

Principal

Passmores Academy
